ENVIRO FRIENDLY PARK SPA AMENITY RANGE

We are pleased to supply you with a low-allergy, **NZ-made body product range** made with the healing properties of NZ 'Mamaku' (Black Fern). We have created our own product dispensers for some of our range to reduce daily waste from small, individualised plastic containers. Our hair products and soap are still available in individual containers and these are recycled after use.

Other Benefits:

- Hair care products are all made using bio-degradable formulations, are free from animal and petrochemical by-products and are Paraben free
- Hair & skin care products are made from sustainably sourced, GE free ingredients
- Cardboard boxes are made from 100% recycled, oxygen bleached carton board
- Caps and bottles are fully recyclable and partially used soaps are returned to the manufacturer to be recycled into biofuel and bio-degradable industrial cleaning compounds
- Formulations are tested on humans, not animals!

HOW CAN YOU HELP?

You may wish to help save water by turning off the tap tightly and avoiding leaving water running.

If you are staying with us for several days, please feel free to decline a towel change from our housekeepers.

Please leave any recyclable waste e.g. paper, newspaper, magazines, any glass or plastic bottles beside the bin in your room to be included in our recycling system.

Room key cards: These are designed to control the lights in your room, so that when you're out, lights are off to save power. You may also wish to consider turning off your TV and heating/cooling too, when not in the room.

If you're walking on New Zealand's beautiful trails/bush walks, always wear clean shoes and use shoe spray stations to prevent the spread of 'Kauri Die Back Disease'.

NEW EXECUTIVE CHEF AT JET PARK HOTEL, AUCKLAND AIRPORT

Jet Park Hotel Auckland is pleased to announce that **Veenal Reddy** has been promoted to **Executive Chef at Jet Park Hotel & Conference Centre, Auckland Airport.**

Veenal grew up in Sigatoka in the beautiful Fiji Islands, and it was there that he found his passion for cooking. His father suggested he try the "chefing field" which he agreed to after completing his studies. He has now been in the industry for 14 years. Veenal enjoys creating different types of dishes, tasting and refining menus with matched wines. In Fiji, Veenal competed in a couple of culinary competitions in which he won; he then moved to New Zealand and worked in a few different hotels. However, working at Jet Park Hotel, Veenal states has been his greatest achievement; "If you are a chef, you always dream to become an Executive Chef."

Veenal's style of cooking is simple, but full of flavour in the dish as a whole; "I believe it's very important to give the customer the best dining experience, so they go home happy, and feel it's been excellent value for money." His cooking techniques are in line with other chefs- he loves grilled foods, smokey flavours, and creating rustic dishes which is in demand currently.
